

Company presentation

We for you. Künzel advanced weaving technologies GmbH und Pure Flow Filtersysteme GmbH

Our Company, Künzel awt GmbH is the world market leader in the production of weaving Rees for technical fibre. In this company we develop and produce for more than sixty years precision products for these sectors.

- ✔ Med-Tech Medical filters, surgical tissue and implants
- ✔ Indu-Tech Special filters for industrial service water and for process water
- ✔ PMC-Tech Filter for paper screens (e.g., production of the Euro banknotes)
- ✔ Pro-Tech Safety tissues (airbags and protective tissue for the police, fire department, federal armed forces)
- ✔ Sport-Tech Special tissues for paragliders, sailcloth, construction fabrics
- ✔ Geo-Tech Filters and tissues for Aquarists, marine and many other industries worldwide

In 2010 we funded the sister company Pure Flow Filtersysteme GmbH .

There we develop and produce high-tech filter elements made of high-performance thermoplastic. Our patented filters are used worldwide in

- ✔ Public baths, spas as well as in private pools and whirlpools
- ✔ Aquaristics (aquariums, dolphinariums, water parks, etc.)
- ✔ Geofiltration (fish farming, landscaping, streams, mining, etc.)
- ✔ Plant filtration (zoos, cisterns, water storage, sprinklers, explosives disposal, etc.)
- ✔ Industrial filtration (mechanical engineering, beverage industry, air-conditioning systems as well as in many other areas)
