CHIMI ART

HISTORY

-  CHIMI ART - Established in 1977 - is now the market leader in manufacturing and supplying chemicals for water treatment.

-  CHIMI ART is currently the leading manufacturer and exporter of ferric chloride solution in Egypt, with production capacity of 15000 TPA.

Philosophy

-  CHIMI ART is a green industry in that, we protect the environment by recycling the waste generated from an array of industries into chemical products which are not only eco-friendly but capable of detoxifying most industrial wastewaters

(WE ARE GREEN)

Strategies

Vision

To help organizations and societies reach a cleaner environment through our chemicals

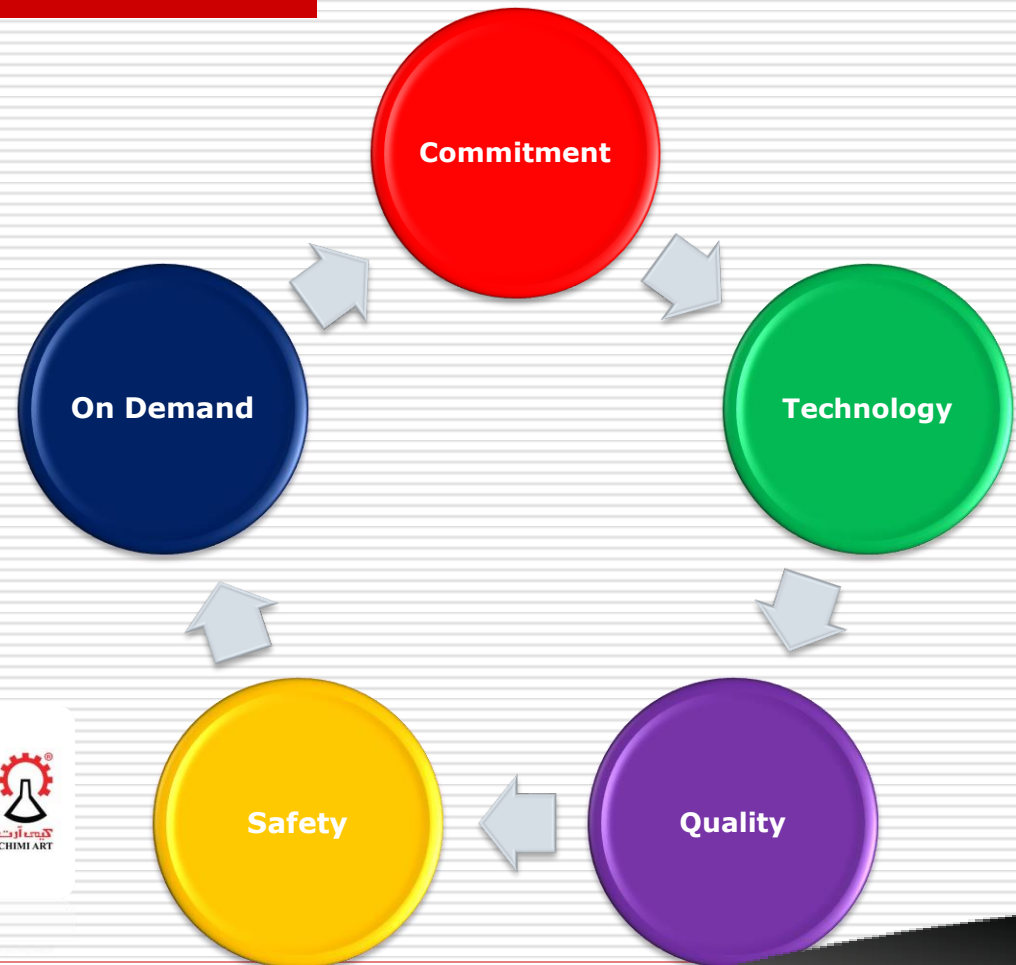

Mission

CHIMI ART is dedicated to bringing the most valuable solutions and providing the best customer experience in meeting water and environmental needs through our innovative technology solutions, products and services

Values

-  Commitment
-  Technology
-  Quality
-  Safety
-  On demand

We Offer

-  We offer a large portfolio of water management services designed to help plant personnel and end user organizations get the most out of their water treatment system.
-  As waste waters from these industries usually contain by-products of chemical processes that may pose serious hazards to aquatic bodies and individuals who reside in industrial areas
