Marine propeller diameter 50-1500cm.

Steering system, winch, anchor, chain, hatchcover, manhole, windows, door, crane, electrical system, nivation system, pumps, valves, fishing net, airbags.

Up to now, we had finished more than 368 vessels building for foreign customers, for example: oil tanker, cargo vessel, bulk ship, fishing boat, tug boat, catamaran, passenger boat, water taxi boat etc.

We not only supply the marine parts for foreign customers but also the vessel building project. We only do long business and long customers. We are not only serve our customers, but also help customers to service their customers. We sincerely know how to make a Group culture, how to establish each customer's business ship, and how to stabilize our market. We sign a sales contract with each customer, quality warranty agreement and full refund agreement to protect our customers' payment and shipment.

Corporate Culture

SINOOUTPUT GROUP, hope just work with you one time, then you will be with us all the time. If the company failed to do so, it's far from becoming a great company in the future. We have to act now, start from ourselves, and carry it out as a long-term strategy.

The corporate culture is divided into those following parts:

A. Core Culture: The company's overall operating activities are to meet the satisfaction of its clients, employees and shareholders.

B. Management Culture: Efficiency is life, quality is the fundamental element. With endless innovation, we strive to provide first rank service.

C. International Culture: With the principles of open, transparency and good faith, the company takes continuous improvements and advances with the times.

D. Team Culture: Share, contain, passion, collaborate and fully execute.

E. Marketing Culture: We only choose what suits us the best, not the most expensive one.

Our Goal

Individual goal:

Think more and enjoy the changes.

Company goal:

Make a better world.

Core Values of the Enterprise.

A: Dedicated to the user's satisfaction and success.

B: To respect and trust each individual.

C: To encourage flexibility and creativity.

D: Relying on team spirit to achieve goals.

E: The pursuit of honesty and integrity in business.

F: The pursuit of excellence achievement and contribution.

Team Spirit

Team in the first and the individuals in the last; to love and honor each other, be tolerant to others; burning the passion and striving to be better; actively communicate and cooperate with each other, then stick to it; share weal and woe together.

Enterprise Spirit

Be prepared; strive unceasingly; perseverance.

A better world needs all we offer, let us together and fo forward to be better.

Marine Main Engine -- 20-2000KW@1500-3100rpm

Gearbox(Ratio1:1- 30:1) – 300-3500rpm

We supply the marine engines with gearboxes for three years quality warranty. We gain market by good quality and competitive price.

Regarding the engine we supply the power from 20-2000KW, including Sinotruk, weichai, yuchai, Zichai, Deutz and Cummins famous brands, nearly all the engines we supply 3 years quality warranty. We gain market by high quality and competitive price and super after sale service.

Regarding the gearbox, we only do the China first brand, Advance brand. Because we export more than 20000 pcs every year, so we also be Advance marine gearbox Shanghai ceiling center.

To do business is not so difficult, but to do an honest business and long-term business is not so easy. That is why many customers cooperating with us more than 20 years from more than 30 countries. They always follow us.

For maintenance, we have special after sale service team 24h onlie at your service, to hlep customers succeed, and help customers' customers succeed, is our final target.

Now cooperate with us, your do not worry, you always have an honest support any time.

Marine generator

We supply you the Deutz, Weichai, Sinotruk, Cummins series generator also with three years quality warranty.

The alternator with Mathorn, Stamford or Some China famous brand alternator. the generator power 30-1000KW, 50/60HZ. The generator is divided into two types. One type is open type as the picture shows; the other one is silent type. Marine certificates are all available.

Marine generator Must be marine engine and marine alternator, that is very important for the cooling system, the engine heat exchanger is inner bronze and alternator is bronze.

Sinooutput will supply you more suitable and more trustworthy generators for your marine project.

Shaft, propeller&steering system

We supply the bronze fixed and adjustable propeller with diameter 50-1500cm, 3, 4,5, 6 blades. We design department could help customers to design propeller and stern shaft according to the boat drawings.

Regarding the propeller materials, to make sure the better quality for customers, we usually do by materials bronze CU1, CU2, CU3, CU4, and list each difference.

Regarding the stern shaft type we could do oil lubricating and water lubricating model, and regarding the materials we usually do:
1, Stern shaft better quality materials 316/316L.

If customers special requirements, of course they are available:

2, carbon steel: the most economic materials for river navigation OK.

3, 304 stainless steel: it is good, but less than SS316.

Marine Pumps Series

Water suction pump

Pipe centrifugal pump

Sewage treatment

Ice machine

Sand pump

Bilge pump

Fire pump

circulation pump

Crane, Winch

Matrosov Anchor

Baldt Anchor

**Offshore Anchor
Stevshark Anchor**

Danforth Anchor

Delta Anchor

Pool Anchor

**U.S. Navy
Stockless Anchor**

AG-14 HHP Anchor

Spek Anchor

Admiralty Anchor

JIS Stock Anchor

Hall Anchor

Window door hatchcover manhole

Navigation parts

Fishing net and winch

Small boat and hull

Whole Ship Succeed Cases

Panama Refrigerator ship

Malta Refrigerator ship

Asia container ship

Singapore oil tanker

FAQ-General idea for our products and service

1. What is your supplying?

Sinooutput Group mainly supply nearly the whole marine parts, including marine engines, marine gearboxes, generators and marine stern shaft and propeller, steering system, pumps, navigation system, deck equipments- winch, anchor, chain, crane; window/door, navigation system and small boat/hull, and ship building service etc.

2. What is the sample policy?

Actually as you known, our products are the heavy big products, the free samples are not available, but if you want we send you the sample, we could send you one by the wholeselling price, the base is your are in marine field for more than 20 years, and supply recent three years annual selling amount, and indicate your customers number and area, then we try to send you the products by our cost.

But if for some small parts such as gaskets, oil sealing, bolts, we could supply you two pieces for free, please kindly bear the international shipping charges.

3. What is the payment term?

We have three terms used popularly that are

- 1). 100% T/T in advance
- 2). 30% T/T in advance, 70% T/T before shipment.
- 3). Irrevocable L/C at sight

Other terms are also available, such as pay by western union, visa, credit card etc.

4. How does control products quality?

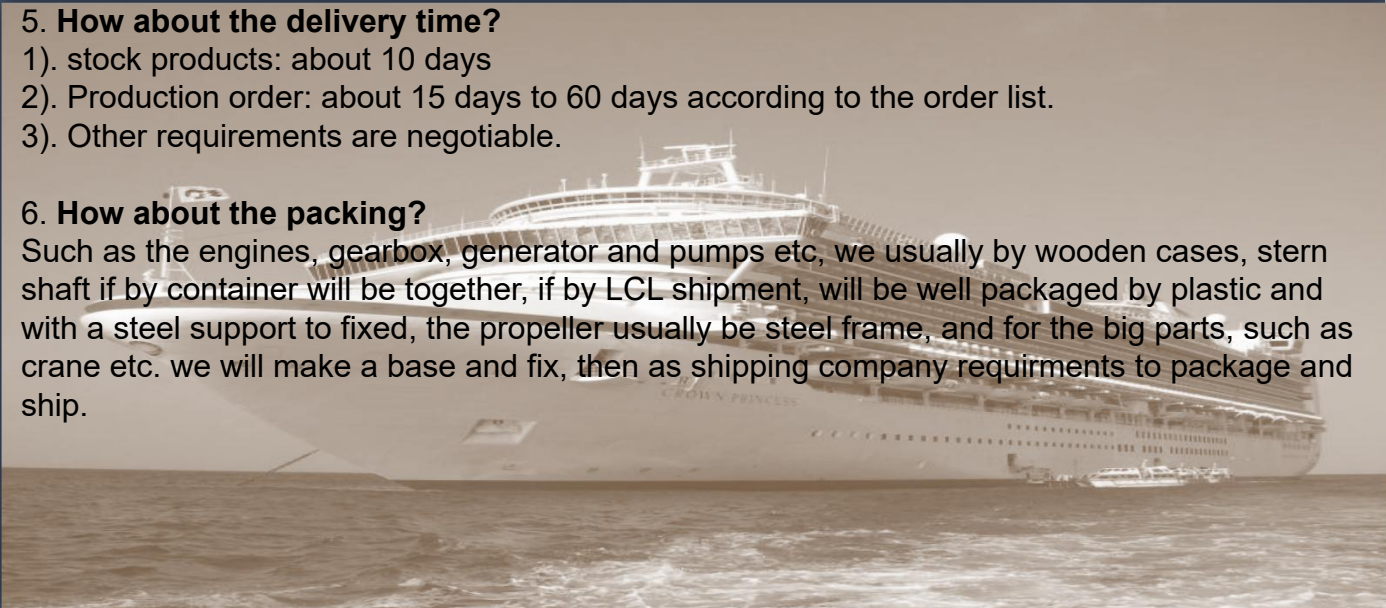

SINOOUTPUT GROUP insists on pursuing better quality for more than 25 years in the marine field. From the materials purchasing to products packing, we are trying the best. We use the super quality of materials, which are bought from government company. We have three the quality control departments to responsible for the parts. They control nearly each parts before producing, assembling, packing and dispatching.

5. How about the delivery time?

- 1). stock products: about 10 days
- 2). Production order: about 15 days to 60 days according to the order list.
- 3). Other requirements are negotiable.

6. How about the packing?

Such as the engines, gearbox, generator and pumps etc, we usually by wooden cases, stern shaft if by container will be together, if by LCL shipment, will be well packaged by plastic and with a steel support to fixed, the propeller usually be steel frame, and for the big parts, such as crane etc. we will make a base and fix, then as shipping company requirements to package and ship.

Quality Assurance

Guarantee of the engines, gearboxes, generators supplied by our company with three years quality warranty, 10000 hours to buyer, whichever comes first. warranty covers all the problems not caused by human beings. we could sign the quality guarantee agreement with each customer.

For the other parts usually at least one year as our standard, if customers some special requirements for some parts, that can be discussed.

During the warranty time if some problems occur:

A, For small parts: buyer takes pictures email seller for check and inspect, according to the actual to discuss and compensate.

B, For bigger parts: firstly need the buyer take the engine nameplate picture email seller to confirm.

All the questions, the seller will feedback within 2-5 hours.

A: In case of quality discrepancy, claim should be presented by the buyer within 15 days upon goods arrival at destination port, while for quantities problem, buy must apply for it within 10 days upon goods arrival at destination port. The Seller should give a reply together with suggestions of settlement within 20 days upon receipt of the discrepancy. Any compensation to seller must be enclosed within its evidences or survey report of Recognized Public Surveyors agreed to by the Sellers. Re the other claims, if they belong to the responsibilities of Shipping Carriers or Insurance Co.&Transportation Co., or others, seller doesn't offer any compensation.

B: Any question about the discrepancy of color and/or size,& etc. should be claimed before construction. The sellers will not take any responsibility once the products were put into construction.
